UNDERSTANDING RESILIENCY

Stress is not always bad - can be positive

Good Stress

Also can lead to a sense of accomplishment and a feeling of fulfillment

or **distress** is negative. Chronic distress can lead to chronic

Bad Stress

UNDERSTANDING RESILIENCE

Resilience Factors

- + Attitude
- + Boundaries
- + Flexibility
- + Social Connections
- + Personal Strengths
- + Self-Care
- + Being Organized

© 2021 SBC

1. What does the word 'resilience' mean to you?

2. Write down the name of 1 person in your life who has shown resiliency. What did they do to demonstrate this trait?

Job insecurity – fear of dismissal or contract not being renewed
Lack of role clarity or shifting expectations
Major organizational shifts – merger, acquisition, reorganization, etc.
Conflict
Organizational or team culture – lack of respect or civility
Lack of time to plan, think or reflect leading to errors or poor decisions
Ethical dilemmas
Workplace bullying or harassment
Mobbing – where a group treats someone insensitively
Lack of job flexibility
Lack of wage equity
Lack of recognition or appreciation
Fear of being perceived as inadequate or incompetent
Stagnation – no opportunities for job growth or development
Work pressures/demands
Responsibility without reasonable authority
Inadequate training
Inadequate or ineffective resources
Quality or safety concerns affecting your products or workplace
Occupational health and safety concerns
Workplace psychological health and safety issues
Major traumatic events, including workplace injuries or death
Lack of control over opportunities at work
Return from vacation to a huge backlog
Survivor guilt – when others lose their job or are injured
Communication demands/expectations – immediate responses to email and cellphone
Other:

1. Think about your current life events – what do you worry about? What keeps you up at night? What are the things that lead you to feel angry, upset or frustrated?
2. List these items in the circle below.

6

Instructions:

1. Look at the items in your circle of concern – which ones are you able to influence?

2. Look at the items in your circle of concern – which ones are you able to control?

Healthy Mind Platter concept – 7 daily essential activities that we need to make room for on our plates to achieve a sense of balance and overall wellbeing.

- Healthy Mind Platter, David Rock and Daniel J. Siegel, MD, 2011

Focus Time

Time spent focusing on tasks in a goal-oriented way. Taking on challenges that move us closer to our goals.

T - **d**

When will I evaluate my progress?

STRATEGIES TO BUILD RESILIENCE

Work Resources	THROUGH WORK:	OUTSIDE OF WORK:
Supports	+ Peers	+ Friends/family
Supervisor	+ Leaders	+ Community support
Professional Community	+ Human Resources	+ Family physician
	+ Emergency Services	+ Financial resources
	Assistance Program (EFAP)	

Consider completing the free VIA Character Strengths Survey at www.viame.org.

STRATEGIES TO BUILD RESILIENCE

8. Commit to Self

who help me: + Expressing appreciation to those

stakeholders: + Consciously learning from my mistakes

giving out when needed: + Accepting support when offered and not

myself about myself): + Improving self-talk (what I say to myself)

STRATEGIES TO BUILD RESILIENCE

For You	Things You Can Do

Regular physical activity improves psychological well-being and can reduce depression and anxiety. Joining an exercise group or a gym can also reduce loneliness, since it connects you with a new set of people sharing a common goal.

Taking up a hobby brings balance to your life by allowing you to do something you enjoy because you want to do it, free of the pressure of everyday tasks. It also keeps your brain active.

Goals don't have to be ambitious. You might decide to finish that book you started three years ago; to take a walk around the block
